Code Style

The code style used for this application is the standard google coding style as described here: https://google.github.io/styleguide/javaguide.html

Two small changes have been applied:
1. Tab indentation set to 4 spaces
2. Maximum characters per line set to 200

Definition of Done (DoD)

✓ Code is in the GitLab Repository

✓ Project compiles

✓ Tests run without errors

✓ Code was reviewed by at least 2 people

✓ Feature has been tested by at least one other team member

✓ All code follows the coding guidelines and styles

✓ Documentation for the implemented feature is present
